

Companies and Individuals that Undertake the Repair and Restoration of Turret Clocks

About this List

This is a list of companies and individuals known to undertake turret clock work. Inclusion on the list does not imply any recommendation. If a company or individual is not on the list then it just means that they have not come to my notice. Excluded are those who do one-off or occasional turret clock work.

I set up this list as a result of enquiries from churches and other bodies, it may copied, see the copyright notice at the bottom of the page.

Please let me know of errors and updates.

I am pleased to discuss turret clocks, but I cannot undertake any work on clocks.

Manufacturer of turret clock winders and regulators

The British Horological Institute (BHI) maintains a list of BHI qualified restorers. Be aware that many people on this list do not specialise in turret clocks and may only look after a few clocks in their locality.

<http://bhi.co.uk> and follow the links to Repairs and Servicing then Turret Clock Repairers.
